

Trelleborg is a world leader in engineered polymer solutions that seal damp and protect critical applications in demanding environments.

Products available from Trelleborg through RSM Lining Supplies Global Ltd include the following:

Resin

Products suitable for all applications including WRc approved systems

Material

Innovative range of specialist liners, and solutions for lateral and point repair and full length lining.

CIPP Equipment

Including inversion equipment, lateral packers and stoppers alongside lateral connection repair systems.

Its innovative solutions accelerate performance for customers in a sustainable way. The Trelleborg Group has annual sales of SEK 30 billion (EUR 3.25 billion, USD 3.60 billion) in over 40 countries. The Group comprises five business areas: Trelleborg Coated Systems, Trelleborg Industrial Solutions, Trelleborg Offshore & Construction, Trelleborg Sealing Solutions and Trelleborg Wheel Systems, and the operations of Rubena and Savatech. The Trelleborg share has been listed on the Stock Exchange since 1964 and is listed on Nasdaq Stockholm, Large Cap.

Part of the wider Trelleborg Industrial Solutions Business Area of Trelleborg Group, Trelleborg Pipe Seals is a world leader in new seals and rehabilitation sealing solutions for concrete and plastic pipes, manholes, and connectors used for water supply, sewerage and drainage. Drawing on advanced polymer technology, the high performance of our seals ensures the fulfillment of the highest possible reliability standards.
