

# INVERSION EQUIPMENT

## INVERSION DRUMS

*We can manufacture any size drum to match your requirements. Our stainless steel Medium and Maxi drums are manufactured for hot cure lining and are available powder coated as standard.*

*Our baby drum is lightweight aluminium to enable one man lift, will fit through a household doorway, and has an easy access glass lid. The Medium and Maxi drums are skid mounted for increased manoeuvrability on site.*

Inversion Drum Capability Table	100mm dia.	150mm dia.	225mm dia.	300mm + dia.
<b>BABY DRUM</b>
